

2027 SEVEN OAKS SKI DEVELOPMENT TEAM

Volunteer coaches help young skiers, ages 7 to 17, develop a lifelong love for skiing through skill development and racing tactics. The program emphasizes safety, enjoyment, and learning. Our parent coaches share their passion for skiing and focus on helping participants achieve their goals

Skiers must be able to confidently ski all blue trails unassisted, load/unload the chairlift independently, and demonstrate the ability to stop and turn under control.

Saturdays are geared towards advanced beginner and intermediate skiers, while Wednesdays are reserved for advanced skiers seeking additional opportunities to refine their racing skills..
